About Eric Perru

Dr. Eric Perru, a Partner and avocat à la Cour at AKD, specialises in dispute resolution with a focus on financial services litigation.

With 18 years of experience in Luxembourg, he has extensive expertise in domestic and cross-border matters, including contract law, civil, commercial, banking, business litigation, investment funds litigation, criminal and administrative law.

Eric handles complex disputes among stakeholders of large companies, such as shareholder disputes and directors' liability cases, as well as debt collection and enforcement procedures for HNWI individuals or banks, for example.

Eric is dedicated to finding long-term solutions and preventing conflicts from escalating unnecessarily, often resolving matters without court involvement. When litigation is unavoidable, he explores all options to chart a strategic path to success, including mediation, ADR, arbitration or court proceedings. His legal and technical skills enable him to achieve optimal results through creative litigation strategies and a strong understanding of his clients' commercial priorities.

Recognised as a skilled and experienced litigator, Eric is widely esteemed by peers and clients, earning recognition in the Luxembourg Leaders League Rankings 2024 and 2025 as highly recommended for Dispute Resolution - Commercial Litigation.

Beyond his practice, Eric is a member of the Civil Procedure Commission of the Luxembourg Bar, writes articles, gives lectures and frequently contributes to media discussions on topics like justice evolution, civil procedure, debt collection, enforcement procedures and art law. His career includes collaborations with renowned law firms such as Wildgen Luxembourg Law Firm and Pinsent Masons.
