About Jeanny Romme

Jeanny Romme is a paralegal at AKD with ample experience in the fields of expropriation and compensation for losses resulting from administrative acts. She acts as a secretary for a number of expert commissions, including the Rijnland Loss Advisory Committee (*Schadeadviescommissie Rijnland*), the Grensmaas Loss Reporting Centre (*Meldpunt Schade Grensmaas*), and the Dordrecht Loss Compensation Commission (*Commissie Nadeelcompensatie Dordrecht*). In this role, she liaises between experts and affected parties and drafts a range of procedural documents. Jeanny also forms part of AKD's expropriation team. Her duties vary from drafting pleadings to performing procedural quick scans. Jeanny is the go-to contact for the various parties in expropriation cases. Her background in and knowledge of the agricultural sector comes in quite useful in expropriation cases. Clients appreciate her open and straightforward attitude as well as her responsiveness.

Jeanny regularly writes blog articles on her field of expertise and contributes to publications in legal journals, such as the Expropriation Law Chronicle (*Kroniek Onteigeningsrecht*) in the *Bouwrecht* journal.
