About Romy Mattens

Romy is an associate in AKD's Banking & Finance Group, specialising in international ship financing and the sale and leasing of new vessels. She also has vast experience of real-estate financing, ranging from conventional debt and private equity to leasing and restructuring. In addition, she has experience handling different financing structures, including financing of receivables and sale and lease back transactions.

Romy mainly represents banks, financial institutions, but also has a long and wide experience acting for sponsors and owners in domestic and international financing transactions.

Clients praise her for her practical solutions, which can be key given the time sensitivity of certain matters.
